## HOTLINE

- AUSTRALIA :1300 765 663
- NEW ZEALAND:0800 100 236

**Caution****Cautions****Precautions and maintenance**

- For indoor use only.
- To avoid risk of fire or electric shock, do not expose the unit to moisture or condensation.
- To avoid overheating, do not block the ventilation holes on the back of the Digital Photo Frame.
- Keep the Digital Photo Frame out of direct sunlight.
- Always use the eject buttons on the memory storage card slots to remove the storage cards.
- Do not dismantle the Digital Photo Frame. There is a risk of electric shock and there are no user-serviceable parts inside. Dismantling the Digital Photo Frame will void your warranty.

**Cleaning the LCD Screen**

- Treat the screen carefully. Because the screen of the Digital Photo Frame is made of glass and it would easily be broken or scratched.
- If fingerprints or dust accumulate on the LCD screen, we recommend using a soft, non-abrasive cloth such as a camera lens cloth to clean the LCD screen.
- Moisten the cleaning cloth with the cleaning solution and apply the cloth to the screen.

**WARNING:**

Please power off the unit before inserting or removing a card or USB device.  
Failure to do so may cause damage to the card/USB and the unit.  
To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.

**Instruction****Introduction:**

Thank you for your purchase of the Digital Photo Frame. It is designed to allow quick and easy view of photos taken from your digital camera, mobile phone, or from a memory storage card. Please read this User Manual carefully to learn the correct way to use the Digital Photo Frame.

### 10. Troubleshooting Guide

If you are having problems with your player, please consult both this guide and manual. If you need further assistance, please contact Technical Support.

- **No power:**  
Please check whether the plug is inserted correctly.
- **Remote control no function:**  
Please check whether the battery has power (the battery can be used for half a year in normal conditions). Replace with new battery if necessary.
- **Can not read the CARD or USB:**  
Please confirm whether there is storage in the card or USB device.  
Empty devices cannot be read.
- **Can not play the file:**  
Please confirm if the file format is compatible with the player.
- **Display too bright or too dark:**  
Please adjust the brightness or contrast in the setup menu.
- **The color is light or no color:**  
Please adjust the color and contrast setup.
- **No sound:**  
Please check whether the volume is correct and the player is not in Mute mode.
